

# **PELICAN NEW 9410 RECHARGEABLE LED LANTERN**

**Rechargeable, Light weight, Rugged and Bright!**

- Used by Firefighters, SAR Teams, Utilities and general industry.

***Brightest & Lightest in it's class!***

The new Pelican 9410 LED Rechargeable Lantern weighs just 3 pounds and delivers 741 lumens. This lantern packs the power without the weight.

## **Features!**

The 9410 Flashlight offers three illumination modes (high, low and signaling strobe) with a water-resistant **electronic switch** that toggles between modes at the push of a button. The switch also features an integrated **battery run time indicator**.

### **Charger Base**

Wall and vehicle mountable base holds lantern in place and charges latest generation Ni\_MH battery.

### **Shoulder Strap**

Quick release safety strap prevents entanglement.

- Smoke-cutting 450 yard beam of light
- Rugged Polymer Construction
- Rated IPX4 water-resistant

4 D size rechargeable batteries included.  
Run time at full charge over 4 hours (low setting).  
Almost 2 full hours (high setting).

**RATING:** Approved to NFPA 1901

**Warranty:** Pelican Products, Inc. guarantees its lights for a lifetime against breakage or defects in workmanship

**Whether you're on a Fire Department, Search and Rescue Team, or the 3rd shift at a refinery or power plant, you'll appreciate the compact size and high output of the new 9410 LED Lantern.**

### **Sure-Grip Handle**

Large molded handle provides a comfortable and non-slip grip, with bare hands or heavy gloves.

### **120 Degree Pivoting Head**

**\$245.00**
